

Finch Fine iD is one of the very best uncoated papers for HP Indigo presses, and one of the most affordable. Finch Fine iD is photo-certified and three-star (best performing) by RIT's Printing Applications Laboratory. The rating tests runnability, toner adhesion, photo applications, and blanket compatibility. Finch Fine iD is also used extensively on dry-toner digital color production presses for a one-box solution with a wide range of applications.

Finch Fine iD | Ultra Smooth | Bright White

Basis Weight gsm	Size, Inches	Size, mm	Weight per 1,000 sheets	Sheets per carton	Article I.D.

Features and Benefits:

- Proprietary surface treatment
- 98-Bright White
- Ultra Smooth
- 60 lb. Text to 130 lb. Cover / 16 pt.
- Three-star rating (best performing) from RIT* and photo-certified
- Total, immediate image transfer with maximum total area coverage
- Vibrant color, detail and contrast

Print Engines:

Cross-platform performance on color digital production presses, including:

- HP® Indigo®
- Xerox® iGen Series
- Kodak® NexPress

* Rochester Institute of Technology (RIT) performs independent paper testing and certifications for HP Indigo.
